## ARMY WATER TRANSPORT OPERATIONS

### TABLE OF CONTENTS

|  | Page |
|--|------|
| <b>PREFACE</b> .....   | vi   |
| <b>CHAPTER 1. COUNTERING THE THREAT</b>                        |      |
| Introduction .....   | 1-1  |
| Threats to Watercraft .....                                    | 1-1  |
| Air Threat .....   | 1-1  |
| Water Threat .....   | 1-1  |
| Land Forces Threat .....                                       | 1-1  |
| Electronic Warfare Threat .....                                | 1-1  |
| Countering the Threat .....                                    | 1-2  |
| Defense Against the Air Threat .....                           | 1-2  |
| Defense Against the Water Threat .....                         | 1-2  |
| Defense Against the Land Threat .....                          | 1-2  |
| Defense Against Electronic Warfare Threat .....                | 1-3  |
| <b>CHAPTER 2. ORGANIZATIONS AND EQUIPMENT</b>                  |      |
| Introduction .....   | 2-1  |
| Types of Watercraft .....                                      | 2-1  |
| Design Types .....   | 2-1  |
| Use Types .....  | 2-1  |
| Command Relationships .....                                    | 2-2  |
| Mobility Requirements .....                                    | 2-2  |
| Army Water Transport Units .....                               | 2-2  |
| Transportation Medium Boat Company (TOE 55-128) .....          | 2-2  |
| Transportation Heavy Boat Company (TOE 55-129) .....           | 2-6  |
| Transportation Medium Lighter Company (ACV) (TOE 55-137) ..... | 2-8  |
| Watercraft Teams .....   | 2-11 |
| Army Watercraft Crewing .....                                  | 2-16 |

**DISTRIBUTION RESTRICTION:** Approved for public release; distribution is unlimited.

\*This publication supersedes FM 55-50, 7 June 1985.

**CHAPTER 3. LOGISTICS OVER-THE-SHORE OPERATIONS**

|                                  |     |
|----------------------------------|-----|
| Introduction .....               | 3-1 |
| Beach Site .....                 | 3-3 |
| Beach Characteristics .....      | 3-3 |
| Operational Planning .....       | 3-3 |
| Turnaround time .....            | 3-5 |
| Lighter Requirements .....       | 3-5 |
| Daily Tonnage Capabilities ..... | 3-5 |
| Control System .....             | 3-6 |
| Shipside Procedure .....         | 3-6 |
| Use of Jumpers .....             | 3-7 |
| Salvage Operations .....         | 3-7 |
| Antibroaching Measures .....     | 3-7 |
| Documentation .....              | 3-8 |
| Beach Area Security .....        | 3-8 |
| Bivouacs .....                   | 3-9 |

**CHAPTER 4. INLAND WATERWAY OPERATIONS**

|   |     |
|---|-----|
| Introduction .....                                | 4-1 |
| Types of Inland Waterway Floating Equipment ..... | 4-1 |
| Organization of an Inland Waterway Service .....  | 4-1 |
| The Inland Waterway System .....                  | 4-1 |
| Transportation Planning .....                     | 4-1 |

**CHAPTER 5. AMPHIBIOUS OPERATIONS**

|  |     |
|--|-----|
| Introduction .....                             | 5-1 |
| Planning Phase .....                           | 5-1 |
| Embarkation Phase .....                        | 5-1 |
| Rehearsal Phase .....                          | 5-2 |
| Movement Phase .....                           | 5-2 |
| Assault Phase .....                            | 5-3 |
| Beach Markers .....                            | 5-4 |
| Hydrographic Markings .....                    | 5-4 |
| Range Markers .....                            | 5-5 |
| Communications for Amphibious Operations ..... | 5-6 |
| Maintenance Support .....                      | 5-6 |

**CHAPTER 6. SHORE-TO-SHORE OPERATIONS**

|                       |     |
|-----------------------|-----|
| Introduction .....    | 6-1 |
| Control Points .....  | 6-1 |
| Assembly Areas .....  | 6-1 |
| River Crossings ..... | 6-1 |

|  | <b>Page</b> |
|--|-------------|
| River Bottoms . . . . .  | 6-2         |
| River Currents . . . . .                                       | 6-2         |
| River Obstacles . . . . .                                      | 6-2         |
| <b>CHAPTER 7. RIVERINE OPERATIONS</b>                          |             |
| Introduction . . . . .   | 7-1         |
| Riverine Environment . . . . .                                 | 7-1         |
| Organization and Command . . . . .                             | 7-1         |
| Security Responsibilities . . . . .                            | 7-1         |
| Concept of Riverine Operations . . . . .                       | 7-2         |
| Planning for Waterborne Operations . . . . .                   | 7-2         |
| Conduct of Waterborne Operations . . . . .                     | 7-2         |
| Waterborne Withdrawal . . . . .                                | 7-3         |
| <b>CHAPTER 8. CONVOY OPERATIONS</b>                            |             |
| Introduction . . . . .   | 8-1         |
| Track Chart . . . . .  | 8-1         |
| Approach Chart . . . . .                                       | 8-1         |
| Plans and Orders . . . . .                                     | 8-1         |
| Boat Control . . . . .   | 8-2         |
| Embarkation . . . . .  | 8-2         |
| Convoy Organization . . . . .                                  | 8-2         |
| Formation . . . . .  | 8-2         |
| Command Control . . . . .                                      | 8-3         |
| Convoy Control . . . . .                                       | 8-3         |
| Navigational Chart . . . . .                                   | 8-3         |
| Navigational Methods . . . . .                                 | 8-4         |
| Security . . . . .   | 8-4         |
| Maintenance . . . . .  | 8-4         |
| Approach to Landing Area . . . . .                             | 8-5         |
| Boat Control . . . . .   | 8-5         |
| <b>CHAPTER 9. MAINTENANCE SUPPORT</b>                          |             |
| Introduction . . . . .   | 9-1         |
| Army Watercraft Maintenance Concepts . . . . .                 | 9-1         |
| Categories of Watercraft Maintenance . . . . .                 | 9-2         |
| Recovery and Evacuation of Watercraft . . . . .                | 9-3         |
| Transportation Company (Watercraft Maintenance) (GS) . . . . . | 9-4         |
| Transportation Floating Craft Maintenance Detachment . . . . . | 9-5         |
| Staff Supervision . . . . .                                    | 9-5         |
| Maintenance Management . . . . .                               | 9-5         |
| Equipment Records and Reports . . . . .                        | 9-6         |

**CHAPTER 10. WATERCRAFT ACCIDENT REPORTING AND INVESTIGATION**

|   |       |
|---|-------|
| Introduction . . . . .                                | .10-1 |
| Watercraft Accident . . . . .                         | .10-1 |
| Reasons to Investigate and Report Accidents . . . . . | .10-1 |
| What to Investigate and Report . . . . .              | .10-2 |
| Responsibilities . . . . .                            | .10-2 |
| Accident Report . . . . .                             | .10-2 |
| Collateral Investigation Reports . . . . .            | .10-3 |

**CHAPTER 11. BEACH AND WEATHER CHARACTERISTICS<sup>3</sup>**

|                               |        |
|-------------------------------|--------|
| Introduction . . . . .        | .11-1  |
| Beach Composition . . . . .   | .11-1  |
| Beach Gradient . . . . .      | .11-1  |
| Sea Bottom . . . . .          | .11-2  |
| Sandbars . . . . .            | .11-2  |
| Rocks . . . . .               | .11-3  |
| Reefs . . . . .               | .11-4  |
| Seaweed . . . . .             | .11-4  |
| Currents . . . . .            | .11-4  |
| Surf . . . . .                | .11-5  |
| Tide . . . . .                | .11-10 |
| Wind . . . . .                | .11-10 |
| Weather Information . . . . . | .11-11 |
| Weather Forecasts . . . . .   | .11-11 |

**CHAPTER 12. TOWING OPERATIONS**

|                                     |       |
|-------------------------------------|-------|
| Introduction . . . . .              | .12-1 |
| Lessons Learned . . . . .           | .12-1 |
| Types of Towing Missions . . . . .  | .12-1 |
| Towing Responsibilities . . . . .   | .12-2 |
| Seaworthiness . . . . .             | .12-2 |
| Towing Ships . . . . .              | .12-3 |
| Routine and Rescue Towing . . . . . | .12-3 |
| Manned Tows . . . . .               | .12-3 |
| Unmanned Tows . . . . .             | .12-3 |
| Inspection of Tows . . . . .        | .12-3 |
| Categories of Risk . . . . .        | .12-4 |
| Administration . . . . .            | .12-4 |
| Weather . . . . .                   | .12-4 |

**CHAPTER 13. BATTLE/CREW DRILLS**

|                        |      |
|------------------------|------|
| Introduction . . . . . | 13-1 |
| Training . . . . .     | 13-1 |
| Format . . . . .       | 13-1 |

**CHAPTER 14. COMMUNICATIONS**

|   |      |
|---|------|
| Introduction . . . . .  | 14-1 |
| Tactical Communications . . . . .                             | 14-1 |
| Marine Communications . . . . .                               | 14-2 |
| AN/URC-80(V1) Radiotelephone . . . . .                        | 14-2 |
| DSC-500 (Digital Selective Calling) . . . . .                 | 14-2 |
| High-Frequency Radio Systems . . . . .                        | 14-2 |
| International Maritime Satellite Systems (INMARSAT) . . . . . | 14-2 |

**CHAPTER 15. WATERCRAFT OPERATIONS IN OTHER OPERATIONAL ENVIRONMENTS**

|  |      |
|--|------|
| Introduction . . . . .                 | 15-1 |
| Low-Intensity Conflict . . . . .       | 15-1 |
| Definition . . . . .                   | 15-1 |
| US Army Missions . . . . .             | 15-1 |
| Watercraft Operation Support . . . . . | 15-1 |
| Corps Contingency Operations . . . . . | 15-2 |
| Force Buildup . . . . .                | 15-2 |
| Employment . . . . .                   | 15-2 |

**CHAPTER 16. RISK MANAGEMENT**

|                                     |      |
|-------------------------------------|------|
| Introduction . . . . .              | 16-1 |
| Risk Management Process . . . . .   | 16-1 |
| Risk Assessment Elements . . . . .  | 16-1 |
| Decision Level . . . . .            | 16-3 |
| Risk Control Alternatives . . . . . | 16-4 |
| Supervision . . . . .               | 16-4 |
| Payoffs . . . . .                   | 16-4 |

**APPENDIX A. WATERCRAFT OPERATIONS IN THE NBC ENVIRONMENT . . . . . A-1****APPENDIX B. CAUSEWAY SYSTEMS . . . . . B-1****APPENDIX C. BEACH RECONNAISSANCE . . . . . C-1****APPENDIX D. ESSENTIAL ELEMENTS OF INFORMATION (EEI) . . . . . D-1****APPENDIX E. FORMAT OF GEOGRAPHICAL ANNEX . . . . . E-1****APPENDIX F. EXTRACT OF QSTAG 592: FORECAST MOVEMENT REQUIREMENTS—  
RAIL, ROAD AND INLAND WATERWAYS . . . . . F-1**
